Nurse News

Deciding when a child is too sick to go to school can be a difficult decision for parents to make. When trying to decide, use the guidelines on our website:

https://www.bloomfieldschools.org/parents_and_students/nurse_information

You should also seek the advice of your health care provider. Please do not send your ill or injured child to school and ask the nurse to "check him/her out". Please have a thermometer and check your child's temperature at home. If you think your child needs assessment, contact his/her health care provider.
